Section 5: Edge Cases & Strict Policies

- **Zero-Fee Policy:** All SMIT courses are 100% free of cost. Saylani Welfare International Trust never charges any tuition fee, registration fee, or examination fee for any IT course under any circumstance.
- **Strict Age Ceiling:** The maximum age limit for all SMIT IT courses is strictly 30 years at the time of entry test. No exceptions are granted regardless of prior work experience or referral.
- **No Remote-Only Certification:** SMIT does not issue certificates based solely on online attendance or online exams. A physical final project defense or physical final exam is mandatory for certification, even for students who attended online/hybrid classes.
- **One Course Per Cycle:** A candidate may only be enrolled in one SMIT course per intake cycle; concurrent enrollment in two courses in the same cycle is not permitted.
- **Ration Card Non-Transferability:** A Sahulat Ration Card is non-transferable and tied to the CNIC of the head of household; it cannot be used by another family member to collect rations.
- **No Cash Disbursement:** Welfare assistance (ration, medical, scholarship) is provided strictly in-kind or via direct fee payment to institutions — Saylani does not disburse welfare assistance as direct cash to beneficiaries, except under the Karz-e-Hasna microfinance program.
- **Document Forgery Clause:** Submission of forged documents (fake income certificates, fake academic transcripts) results in immediate and permanent disqualification from all Saylani programs, with the case reported to local authorities.

- **Re-Test Policy:** A candidate who fails the SMIT entry test may reappear only once in the next intake cycle (minimum 3-month gap); a second failure results in a 12-month cooling-off period before a third attempt is allowed.
- **Attendance Enforcement:** Students falling below 80% attendance in any SMIT course are disqualified from final certification and cannot claim a refund (as no fee was charged) or transfer to another batch mid-cycle.
- **Data Privacy Clause:** All CNIC, income, and medical data collected under welfare programs is used strictly for eligibility verification and is not shared with third parties outside Saylani Welfare International Trust.
